

Update On COVID-19 – Monday, March 23rd (Joint League Statement)

Following today's announcement by the AFL to suspend the 2020 indefinitely the Eastern FNL, Essendon DFNL, Northern FNL, Southern FNL, Western FL & the Victorian Amateur Football Association have collectively decided to postpone their respective seasons until May 31.

The Senior Community Leagues were united in their support of the AFL decision & look forward to working with AFL Victoria to work through all associated issues.

The health & wellbeing of our players, coaches, umpires, volunteers & associated stakeholders remains our first priority, as to the sustainability of all of our clubs.

We urge all associated with our respective communities to heed the advice & regulations in place by order of the State government.

Further updates will be provided in due course via your respective League or Association.
