

EASTERN SUBURBS PROTESTANT CHURCHES FOOTBALL ASSOCIATION

1923 – 1992

CHRONOLOGY OF THE ASSOCIATION

The inauguration of the Association took place at a meeting held at Camberwell Methodist School Office on the 19th. March, 1923 at 8 p.m. The following churches were represented; Auburn Presbyterian, Kew Presbyterian, Hawthorn Presbyterian, Camberwell Methodist, Canterbury Methodist and St.Marks Church of England Burke Road and Holy Trinity Church of England Surrey Hills.

As Secretary of the Camberwell District Churches Cricket Association, Mr.K.Weeding was by appointed to convene a meeting of the various churches in the district to discuss the possibility of forming a local Churches Football Association. It was moved and seconded that those attending the meeting do so. Mr.C.C.George was appointed Chairman and Mr.Weeding Secretary.

The members present drafted a set of rules and it was decided to have these, with a letter sent to all local Churches urging them to try and form a team to join. It was also decided that the closing date for entries into the Association be April, 4th.and that a meeting be convened on that date to adopt rules and receive any other business.

The rules referred to in the minutes were the rules that established the Associations Constitution and By Laws and were carried through until the end of the Competition in 1992.

The following motion was moved and seconded that the Club which won the Premiership Cup three times within a five year period should become the owners of the Cup.

When the Association was formed part of its rules included an 'objects of the Association' section. Rule two covered admission to the Association as a Protestant based team. This rule was removed in 1925 to allow for entry of any team regardless of their religious persuasion.

The following data has been compiled from listings provided by Ron Hennessey the former Publicity Officer of the Association and Life Member. Further information has been researched through the daily and weekly newspapers at 'Trove'.

The data herein is as accurate as can be made given the limited access to Association Minute books, Annual Reports and the Saturday 'Records' that I have found available. A round by round record of scores would be next to impossible to compile as you can imagine and would be full of gaps. The next best way to record the Association History would be to produce an accurate record of competing teams, standings at the end of the Finals system, Grand Final scores, Best & Fairest winners and Leading Goalkicker.

From 1923 to 1992 there were at least 160 clubs/teams that competed through the various grades with many of these combining and /or changing names as well as those that competed irregularly.

The Page/McIntyre Finals System was introduced in the V.F.L. in 1931 and over the next few seasons was taken up by most Competitions. The E.S.P.C.F.A. (The Churches) appears not to have followed suit by continuing to use the 'Challenge' or 'Minor Premiers' system as far as I can ascertain perhaps until 1941 when the competition went into recess due to WW2. It is likely that the system was introduced in 1946.

The finals were played on the basis; team one (Minor Premiers) vs. team four, team two vs. team three. The two winners would then play off in the 'Final' to decide the Premiers. Should team one, the Minor Premiers happen to lose their semi final they had the right to challenge the winners of the game between team four and whoever won the other semi final. This situation was very rare and I have not found one instance where the Minor Premiers lost their semi final. The Minor Premiers also had the right to 'Challenge' should they lose any subsequent 'Final' game. I have not found any instance of this happening either.

As far as the records show a Best & Fairest award was not introduced until 1928 for 'A' Grade, 1929 for 'B' Grade and 1933 for 'C' Grade. The 'D' and 'E' Grade awards were introduced the season they commenced. Except for a small number during the 1980's Leading Goalkicker records are next to impossible to find as they were rarely recorded.

At the time the Association was established there were many local 'Churches' competitions. The Methodists, Protestant Churches, Band of Hope, Church of Christ, K.S.P. and the Metropolitan Churches League to name but a few. Most of these were based in the inner north of Melbourne so perhaps a need for a more local League was the initial instigator. Couple this with a post WW One explosion in the number of competitions and teams entering in all sorts of Leagues all over the Melbourne metropolitan area it is difficult to piece together the early years of the 'Churches' competition.

It is likely some of the people involved in the early years had earlier been associated with the Eastern Suburban Junior Football Association which did not significantly re-form after WW One.

A glance at the teams involved geographically speaking, it can be seen that the competition was fairly localised with easy access to areas in the east by either train or tram. This became important as the effects of the 'Depression' were beginning to be felt in all walks of society.

With an increase in the number of teams wishing to enter, a 'B' Grade section was introduced in 1929 and it is apparent from the outset that the Premiers and Runners-up in the lower grade were promoted whilst the bottom two from the higher grade were relegated. This system appears to have remained in place right through until 1992 with along the way a few exceptions that cannot be easily explained without access to Association records.

It is important to keep in mind that for many years the Association consisted of teams representing their local church and not 'clubs' as such. The approval of the local Minister or Reverend was required before a team was allowed to compete. It sometimes occurred, which became quite regular as time went on that some churches could not field a team due to lack of numbers. Box Hill Baptist and Box Hill Methodist combined to become Box Hill United and so on.

During the Final the 'Police' were called on three occasions to quell riotous behaviour between the rival players and spectators. The match ending in near darkness at 5.49 p.m. No reports were made by any of the five umpires controlling the game. At a later Association meeting the South Hawthorn club were severely reprimanded and as this was not the first occasion that they had been in trouble they were on their last warning. Under the Association rule introduced in 1923 South Hawthorn United which had now won three Premierships in four years were entitled to retain the Premiership cup permanently. Did they? Who knows.

1942, 1943 AND 1944 ASSOCIATION WENT INTO RECESS DUE TO WW2

1945:

It appears from the results that the Page-McIntyre final system was introduced. The South Camberwell club had formerly played with much success in the E.S.F.L. and the V.A.F.A. and although not highly regarded as their tactics were 'a bit rough', especially what was then referred to as 'kicking in the ruck' or kicking in danger their entry application was reluctantly accepted as South Camberwell United. A number of teams that played prior to the War re-entered in 1945 along with some new teams, Canterbury Presbyterian, Balwyn Combined and Gardenvale East Presbyterian. Over the next few years more former teams reformed along with some new entrants.

Two of the teams that seemed to consistently be in trouble with the Association, South Camberwell United and South Hawthorn Presbyterian had both all but disbanded by the end of the 1954 season. I have been told that some of the South Camberwell players joined Trinity Presbyterian with whom they shared the Dawson Reserve, with the remainder continuing in the Y.C.W. competition. The South Hawthorn team which had no real affiliation with the Presbyterian Church joined forces with the Hawthorn Citizens Youth Club to become Hawthorn Amateurs entering the V.A.F.A. in 1955.

It can be seen by the Gradings the Association was losing many teams due to a lack of players available and goes in conjunction with the growth of the other competitions in the southern and eastern suburbs including the E.S.F.L., C.O.D.F.L., Croydon F.T.G. and the C.Y.M.S. Leagues.

1955:

The 'D' Grade section was disbanded due to a lack of competitive teams. The section being made up mostly by 'second' teams from the higher grades and this continued into the 'C' Grade from 1955 until 1958.

1975:

Once the grading problems had been resolved the Association introduced a system that now had all grades, A, B, C, D, and E with senior and reserve grade teams.

It is highly likely that in line with other competitions the 'consolidation' rule was introduced around this time that made it compulsory for all clubs to have seniors, reserves and at least one perhaps two under age teams. Promotion and/or relegation depended on how consolidated the club was.

There is little or no information in the Saturday 'Record' copies that I have in regard to the actual junior teams that played over the previous years and going forward as well.
